SAGE Books - Social Work Competences: Core Knowledge ...
The knowledge base of social work The relationship between social work practice and knowledge has always been ambivalent, sometimes even dismissive. The social work profession emphasises the need to link theory and practice, making this ability a requirement for qualification. It has been argued that the ‘insistence that theory and practice are complementary aspects of the same thing is part of a verbal rather than a real tradition in social work’ (Sheldon, 1978:1). Other research shows ...

The core social work competencies for the Berkeley MSW Program are: Competency #1: Demonstrate Ethical and Professional Behavior. Social workers understand the value base of the profession and its ethical standards, as well as relevant laws and regulations that may impact practice at the micro, mezzo, and macro levels. Social workers understand frameworks of ethical decision-making and how to apply principles of critical thinking to those frameworks in practice, research, and policy arenas ...

Social workers understand quantitative and qualitative research methods and their respective roles in advancing a science of social work and in evaluating their practice. Social workers know the principles of logic, scientific inquiry, and culturally informed and ethical approaches to building knowledge. Social workers understand that evidence ...

Social Work Competencies | Berkeley Social Welfare
They are the ‘core’ competencies for social work. These competence standards are demonstrated by the social worker as they engage in professional relationships with individuals, families, whānau, aiga, groups, and institutions with whom they work. A competent social worker must demonstrate: 1. Competence to practise social work with Māori
